**2019 THEME REVEALED
AND THE INTRODUCTION OF
INDUSTRIAL 4.0 NINE Pillars**

**CONFIRMED EXHIBITORS
AND FLOOR PLAN**

A large sphere composed of many small cubes, some red and some silver, with a robotic arm interacting with it. The cubes are arranged in a grid-like pattern, and the sphere is surrounded by several floating cubes. The robotic arm is positioned on the left side of the sphere, with its hand reaching towards the center. The background is white, and the overall theme is industrial and technological.

WELCOMING A NEW ERA AT MITEC

METALTECH and AUTOMEX's inaugural exhibition at the Malaysia International Trade and Exhibition Centre (MITEC) is highly anticipated by all parties - exhibitors, visitors and even organisers!

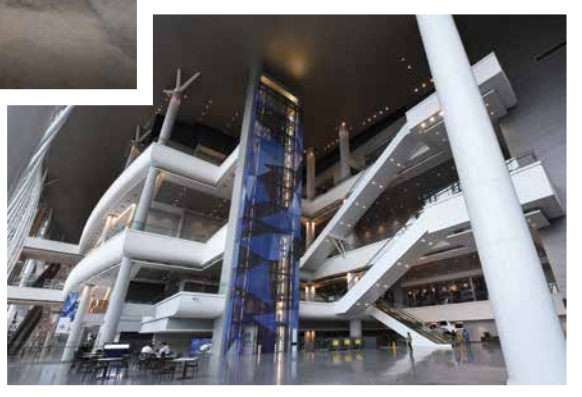

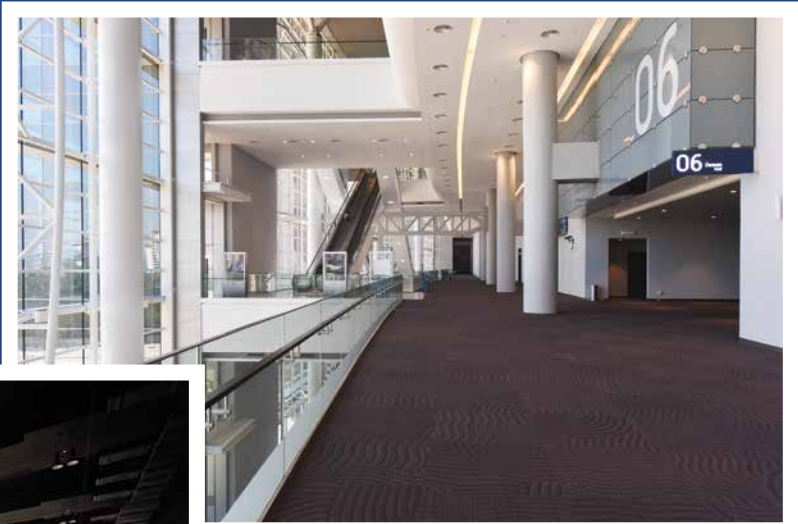

MITEC is a magnificent showpiece in the new KL Metropolis development and boasts state-of-the-art facilities capable of hosting heavy industries showcases and large scale events. It is the first of its kind in the country and the largest exhibition centre ever built in Malaysia.

With 1 million square feet of exhibition space and triple volume exhibition halls, MITEC also consists of the largest pillar-less exhibition hall in Malaysia (equivalent to 2 football fields!) and is strategically located within the Jalan Duta Government Complex area in the Kuala Lumpur district, together with notable landmarks such as the Ministry of International Trade and Industry (MITI) Headquarters, MATRADE Tower and the National Palace.

MITEC also sets a new benchmark in exhibition facilities, and we are very excited by the opportunity to present exhibitors with bigger and larger volume halls, giving them the opportunity to showcase even larger machinery and installations. MITEC is also set to offer much greater convenience of access, with 1,400 parking bays available at the venue's tiered basement car park and many other advanced facilities.

To ensure everyone is given the chance to make the most use of these larger exhibition spaces and new facilities, METALTECH and AUTOMEX will organise special tours to MITEC for exhibitors, VIPS, associations and visitors to familiarise them with the new venue.

For more information on this special service, please get in touch with Ms. Geonice Chong by sending an email to Geonice.Chong@ubm.com.

Owned by UBM plc listed on the London Stock Exchange, UBM Asia is the largest events organiser in Asia, India and SE Asia. We are also the leading commercial organiser in China. Established with its headquarters in Hong Kong and subsidiary companies across Asia and in the US, UBM Asia has a strong global presence in 25 major cities with 33 offices and over 1,600 employee.

With a track record spanning over 30 years, UBM Asia operates in 11 market sectors with over 290 events, 28 targeted trade publications, 18 round-the-clock online products for over 2,000,000 quality exhibitors, visitors, conference delegates, advertisers and subscribers from all over the world. We provide a one-stop diversified global service for high-value business matching, quality market news and online trading networks.

ABOUT UBM ASIA

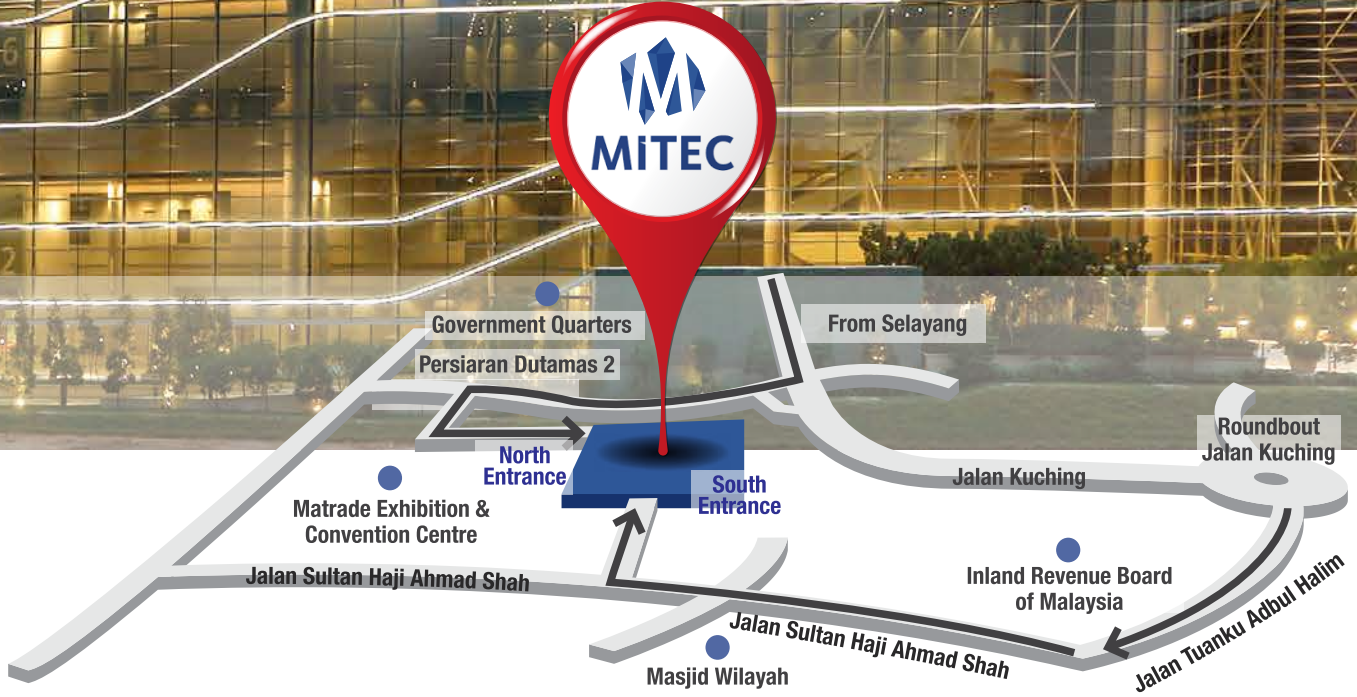

SHOW INFORMATION

METALTECH and AUTOMEX is strictly open to trade and professional visitors only.

OPENING HOURS

15 – 17 May 2019
(Wednesday - Friday) 10:00 am – 7:00 pm

18 May 2019 (Saturday) 10:00 am – 6:00 pm

Address:

MITEC, 8, Jalan Dutamas 2, Kompleks Kerajaan, 50480 Kuala Lumpur, Wilayah Persekutuan Kuala Lumpur

EXHIBITING PRODUCTS AND SERVICES

METALTECH®

Hall 8 Level 2

- Hardware & Industrial Supplies
- Tools & Machinery Hardware
- Software & Prototyping System
- Logistics & Material Handling (Forklift & Cranes)
- Air Cooler, Air Compressor, Air Dryer
- Coolant & Lubricants
- Racking & Storage Systems
- Waste Disposal
- Safety Products & Equipment
- Bearings & Conveyor
- Cleaning Chemical
- Flooring Protection
- Fluid Power
- Surface Finishing & Heat Treatment
- Fastener (Fastener Production Machinery, Screw & Fastener, Screwing And Threading Machine)

Hall 8 Level 2

- Tools & Toolings**
- Carbide / Precision / Diamond Tools
 - Cutting Tools, CBN, End Mills

- Mould & Die**
- CAD / CAM / CAE / PLM
 - Mould Maker & Die Cast
 - Workpiece Holding & Clamping Tools

- Software**
- IoT Technology & Cyber Security
 - Augmented Reality (AR)
 - Virtual Reality (VR)

Hall 3 & HALL 4 Level 1

- Machine Tools
- Sheet Metal
- Laser Cutting
- Welding Technology

Hall 2 Level 1

- Precision Metrology**
- Co-ordinate Measuring Machine (CMM) & Instrument
 - Balance Testing Machine
 - Digital Position Readout System
 - Surface / Hardness Testing
 - Metallurgical Microscope /Micrometer
 - Gauge & Calibration
 - 3D Co-ordinate Measuring Machine & Scanner
 - Laser Tracker
 - Software For Computer Aided Quality Assurance

autoMEX

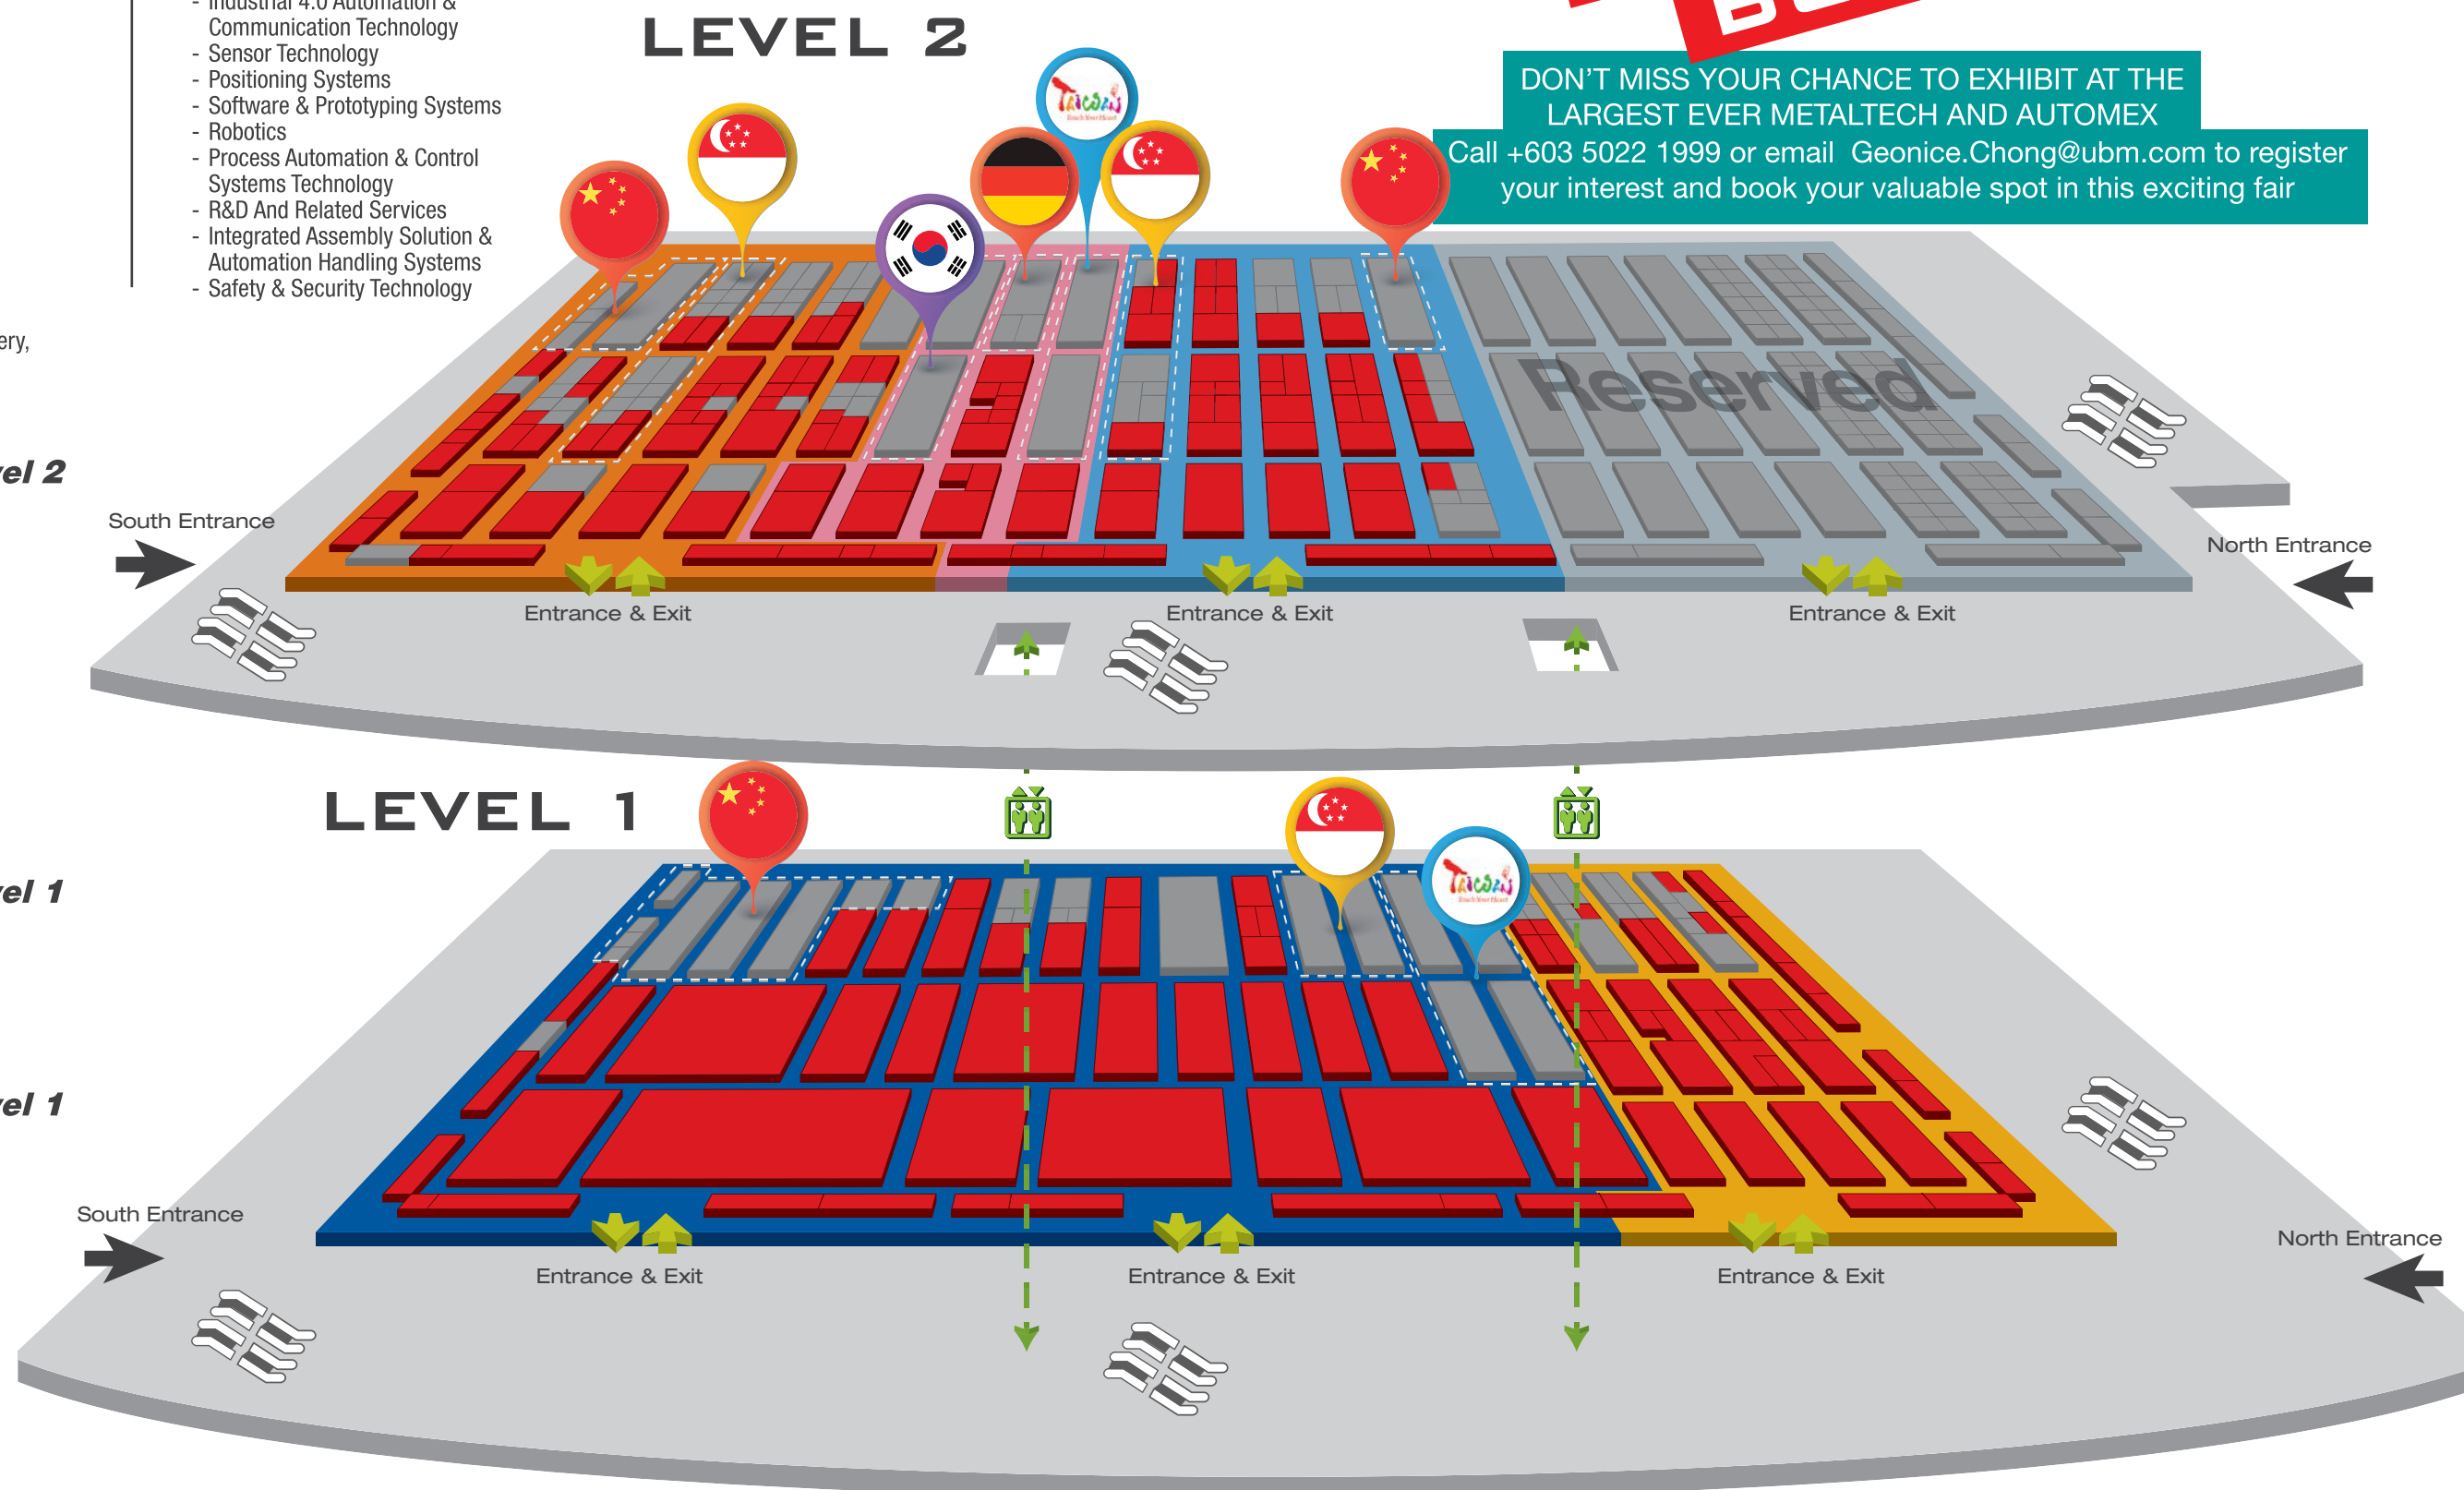

Hall 7 Level 2

- Drive Technology
- Electronic Components & Equipment
- Industrial 4.0 Automation & Communication Technology
- Sensor Technology
- Positioning Systems
- Software & Prototyping Systems
- Robotics
- Process Automation & Control Systems Technology
- R&D And Related Services
- Integrated Assembly Solution & Automation Handling Systems
- Safety & Security Technology

UNIPULSE CORPORATION

For Hasil Karya that started since 1983 and specialized in Sheet metal, machine tool and aluminium machine, METALTECH has been the most important trade fair for many great years, and that makes us all the more excited about the changes that have been made. METALTECH 2019 has an even better concept, and we feel very comfortable with the new and bigger venue in MITEC – not least, because everything is now easier to navigate. METALTECH was a success for us since its inception. At the show, we succeeded in seeing our regular customers, generating promising new leads and doing good business. Since we have customers from across the Southeast Asia regions, we are also aided by the international character of METALTECH, which makes it possible for us to see them here in Malaysia.

Mr. Robert Tee | Managing Director
Hasil Karya Sdn Bhd

Mr. Voo Chung Mong | General Manager
Mitsubishi Electric Asia Pte Ltd

We're here at METALTECH for as long as we can remember. Our decision to return to the show next year had a lot to do with the new venue at MITEC which makes the show easier to navigate for visitors across the grounds. The new distribution of topics involving Industrial 4.0 in the show this year has given us the opportunity highlight our new intralogistics solutions, products and services. Given the smart manufacturing theme and our booth location in Hall 7 as the automation-driven hall, everything is heading in the right direction and we expects the ways in which exhibitors and visitors interact and network in the new venue will be greatly enhanced.

Mr. Kelvin Ho | Director
Maho Machinery Sdn Bhd

Our main reason for exhibiting at METALTECH 2019 was to give our exports a boost – something we cannot achieve like this at any other similar event. The first day of METALTECH 2018 was already excellent for us. We were delighted at the lively interest shown by the visitors, including their openness to new ideas. For next year, we are also very happy about our prime location in MITEC – a venue which impressed us across the board. Overall, we welcome all of the enhancements made for METALTECH 2019 – enhancements which will certainly prove beneficial to us, among others.

Mr. Leong Kim Huat | General Manager
Hexagon Measurement Technologies
Sdn Bhd

METALTECH is the most prestigious machine tools and metalworking exhibition in Malaysia. It gives us the opportunity to demonstrate our company's true core values and breakthroughs on "creativity" and "innovations" to our clients and industry players. METALTECH is where we can build brand awareness and seize market share. This is why METALTECH is great. This annual event also offered us the opportunities to interact with numerous professional visitors, we got good feedback from the show last year which increased our confidence to continue launching our products in the Malaysia market next year.

FEEDBACK FROM

OUR EXHIBITORS

EMBRACE THE NEW AGE IN MANUFACTURING

METALTECH, the leading exhibition for the metalworking, machine tool and manufacturing industry, along with AUTOMEX, the leading International Automation and Technology Exhibition, are set for the biggest upgrade in our history this 2019.

With a brand new venue at MITEC, featuring more exhibition space and larger volume halls than ever before, and new and exciting opportunities as part of the UBM Machine Tools Series, this is an opportunity you won't want to miss out on.

DRIVING ADVANCED MANUFACTURING INNOVATION IN THE ASEAN REGION WITH IN-DEPTH ANALYSIS OF INDUSTRY 4.0 APPLICATIONS

At METALTECH, we are proud to have always been at the forefront of industrial revolution, showcasing the largest collection of groundbreaking innovations and cutting edge technologies under one roof.

Now that we are well into the next industrial revolution, where intelligent robots, cyber physical systems and production automation are no longer ideas of the future but have become an intrinsic part of present day manufacturing, it's time to get in-depth knowledge on the crucially important NINE pillars of Industry 4.0.

With our extensive seminar program, you'll gain the knowledge you need to drive your business forward into the future of SMART manufacturing and become a regional or global market leader.

BOOTH SPECIFICATIONS

SPACE ONLY

Rent a space, appoint a registered contractor and customise your own stand design to suit your needs.
(Without Carpet)

Minimum:

Eighteen (18) Square Meters (m²)

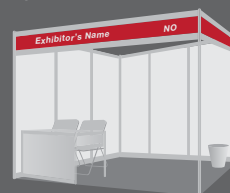

SHELL SCHEME

This complete build-up shell scheme will minimise your stand design problem.

Minimum: Nine (9) Square Meters (m²)

Shell Scheme package includes:

- 1 x Information Counter
- 1 x 13 Amp Single Phase Power Point
- 2 x Fluorescent Tube
- 2 x Folding chairs
- Fascia Board with Exhibitor's Name and Booth Number
- Needle Punch Carpet Flooring
- 1 x Waste Paper Basket
- White Laminated Plywood Panel with Aluminium Pole wherever applicable

SPONSORSHIP OPPORTUNITIES

Over the years, METALTECH and AUTOMEX have provided excellent exposure and publicity for our sponsorship partners. Seize this opportunity to increase your company's profile at METALTECH & AUTOMEX through a variety of value-added sponsorship packages and marketing strategies.

These include official show promotional print pieces, electronic communications and on-site promotions available to suit your needs. For more information about sponsorship, publicity, marketing promotions and media partnership opportunities, please visit our websites at www.automex.com.my and www.metaltech.com.my.
